

pbi[®] **TORNADO**
by **NIKKE**

SUPERIOR PERFORMANCE

PBI Tornado is designed
to meet the standards
for firefighter protection
in Asia and the Far East.

UNCOMPROMISING DURABILITY

PBI Tornado uses double layered yarn technology to boost the durability and operational lifetime of the fabric.

EXCELLENT THERMAL PROTECTION

The blend of PBI fiber ensures that the fabric retains integrity without break open after exposure to heat and flame.

LIFETIME PERFORMANCE

Maintains consistently high strength and protection levels without degradation.

WEIGHT

217g/m²
